How to Update Firmware Using a USB Flash Drive

Please extract the downloaded zip/rar file before proceeding with below

1 – Copy the UPG folder to the root directory of a USB drive.

2 – Insert the USB disk into your player

3 – Power ON your player

4 – Using your remote, click on « setup »

5 – Select « options » then « update » then « USB storage »

6 – Do not power OFF or ON your player during the update, it will automatically restart.
